### **CLAIM AMENDMENTS**

#### **IN THE CLAIMS**

This listing of the claims will replace all prior versions, and listing, of claims in the application or previous response to office action:

1. (Cancelled)

2. (**Currently Amended**) A sealing device in accordance with Claim **[19]5,**  
wherein

the sealing body has one axial seal located in the at least one first recess and a further radial seal which mates with a surface which bounds the space between the connector body and the inner side wall.

3. (**Currently Amended**) A sealing device in accordance with Claim **[19]5,**  
wherein

the sealing body is operable to be fixed by means of a clamping device which applies a force to the sealing body in the axial direction.

4. (Cancelled)
